Traveling the country by motorcycle. Bill & I are fortunate to be able to attend a lot of the GWRRA District Rally's. It is FUN, you meet new members and reunite with members you haven't seen but only at rally's. FUN I would love for you to join us on some of these trips we take and see what FUN it is!

We have been busy, last month we went to the Tennessee Rally, we had a great time participating at the rally - Way to go Florida District 1st place Challenge! We did some riding in the mountains and always FUN to see our GWRRA Friend. We then went to Virginia, to help out my sister Gail. Thank you all for your thoughts and prayers, please keep them coming. We left there and rode to the Pennsylvania District Rally where 18 members from Florida Joined us! Congratulations Florida! Largest District outside. On the way back, we were able to meet up with our son David and girlfriend Payson in Allentown PA for lunch (he lives in NYC). Had a nice time even though the time was short. Ty Taylor joined us for the ride home on back roads. Back roads are so relaxing and less stress than highways. You get to see more and smell the fresh grass and cow poop too!

I want to Thank Don & Cathy Scantlan for leading the Connect the Dots Ride visiting Chapters. I want to Thank the participating chapters that joined and rode from the beginning to the end and also ones that took time to meet with them. That is what it is about, meeting new people and joining in. Thank you again! Hopefully next time we can get more people from our chapter to join.

We had a great time on our mid-week ride to Café 27, the day was gorgeous and the ride around the lake was FUN!

As Tim says in his article, sometimes you need a break and just look out the back door and see what is there. Come Ride with us!

Your Chapter Team spends a lot of time finding FUN things for us to do. Check out the calendar and save the dates for rides and join us.

& Chelsea too!

Ahh, Florida.... What can one say about this FUNshine state. Riding our great steeds year round. Great weather nearly 365 days every year even with a storm or two. Roads that are made for motorcycles with plenty of Florida's state trees on many of the roads, (those orange barrels, of course and cones). And most of all the two best riding seasons of all, "LOVE BUG SEASON", Spring and Fall. So as you can see from this picture of Glen Disbrow's bike from a recent short ride those pesky "LOVE bugs kinda make a mess. Not just on the bike but also on your helmet and visor and/or goggles, glasses, etc. Whatever you may be wearing for eye protection. Hopefully you are keeping your mouth closed. Get my drift???

Well for us Floridians that do love to ride this is something we must put up with. Thankfully, it is only for a short few weeks. And of course, where can one go to get answers to clean them off our steeds?? Wait for it,..... the internet, of course, where else would one go?? Yes, there are all kinds of remedies on Facebook and other sites, naming all types of concoctions even using dryer sheets, however one I personally use is Hydrogen Peroxide. I keep a small spray bottle of it in my trunk with a rag. Spray it on let sit for a minute or two then wipe off. The peroxide dissolves the protein in the bugs and does not harm the plastic, paint, chrome, windscreen or anything on your helmet. Works great on my car too!! Plus a 98 cent quart bottle will last me two or three years. (Sorry, I'm a cheap-skate.)

Okie Dokie, enough of the ickie stuff. How about some FUN stuff! YES, tickets are in. Some of you already know and have already ordered some for your members to sell. From FL Rider Ed, THANK YOU!! Those of you that haven't ordered any yet, I can get them to you right away so your members can have them to take with them if they are traveling this summer.

Please keep in mind what this raffle is for. Yes, FL Rider Ed gives away a new Gold Wing or \$10k, 2<sup>nd</sup> \$1k 3<sup>rd</sup> \$500, plus \$200 for those that sell each winning ticket but, that's not the most important part. The proceeds are what provide all our FL chapter members all their CPR/FA training riding skill classes at **no cost** here in Florida.

Chapter Directors, I mentioned in the past about Rider Ed Seminars for your members. I feel obligated to say something again because I have not heard anything from anyone. I know for a fact that some of these newsletters are read so I am at a loss. Your members are needing these seminars! CDs, you know what they need, the areas that would benefit them the most and GWRRA has the information for them! With this summer heat coming on us planning a seminar for a Kick Tire could be a Cool thing. Please drop Norm Van Dame or myself an email and we'll get the classes set up with you. For and MEDIC First Aid and TRC classes please drop me an email.

While watching my favorite news channel I have seen that the weather man says that he doesn't see any more "cold" fronts headed our way. I guess all our "snowbird" members that have gone back north and took the cooler weather back with them??? Looks like we are stuck in a summer system again and you know what that means. That means we can watch the TV and feel sorry for those folks that went back to the snow and ice, right? Some of them did, didn't they?! Well, that was their call, right. I'm just going to have to suck it up and be smart. You know, hydrate, hydrate, hydrate. That sun is going to fry most days after the noon hour so I am going to be smart. Make sure I am covered to not burn and perspire so I can cool off. Drink plenty of WATER. That wind will dry me out if I don't. Dress in layers knowing these mornings may be a bit cooler and I can shed a piece later when it warms up.

Whenever I ride I just want to make sure **I Ride Smart, Ride Aware.**

## Bill & Cheryl Smith Florida District Directors

**WOW**, it's been quite a month for your District Directors and the Florida District! We started our traveling gong to the South Carolina District Rally. Florida District won Largest District Outside South Carolina and Cheryl and I won Longest Distance Ridden Two Up! It was a **FUN** Rally that ended with Senior District Director's Buddy and Kim Summers stepping aside and new District Directors John and Karen Higgins taking the reins!

**Our** next stop was the Tennessee District Rally – Spring Fling! Again, it was a **FUN** Rally and your Florida District Team joined in on the Chapter Challenges. You guessed it, **WE WON 1st Place!** While at the Rally, we found out that our own Florida District Couple of the Year, Carl and Kathy Williams, were selected as the 2019-2020 International SE Couple of the Year! Congratulations! The Rally ended with Senior District Directors, Gary and Patti Hamilton, stepping aside and new District Directors, Dennis and Jan Peterson, taking over! Even though the Rally was over, most of us went to the Dinner Show – Hatfield's and McCoy's - for an evening of good food and **FUN** entertainment! You'll have to ask Carl and Kathy Williams about their adventure in the parking lot before the show!

**We** then rode to Richmond, Virginia and visited with Cheryl's sister for the next week. She was in rehab after knee surgery, so we also took care of her house and her two cats (Sami and Rudy) and one dog (Buttons)!

**For** the next Rally, we drove north to the Pennsylvania District Rally in York, for the Ride to the Roses! Another **FUN** Rally, where Florida won the Largest District outside of Pennsylvania! We had a total of 18 Florida Members attend this Rally! Thanks for a Great turnout for a District Rally so far from Florida. I blame (in a good way) Pennsylvania District Directors, Harold and Diane Jackson, for getting so many folks up there. They, and the Pennsylvania members, support our District Rally year after year, so it's great to return the support.

**We** then made it home, mostly back roads, and had a great 3,319.7 mile trip!

**At** all of these District Rallies, we want to thank the hosts and the attendees! We, along with help from the Williams', sold a lot of books of our Goldwing tickets! Let's keep up the goal of selling all of the tickets to support our Rider Ed Program!

**We** are glad the Wanderer moved from Wesley Chapel to Tampa and then to Brandon. At the 2019 Chapter Conference, a vast majority of the Chapters said they wanted a return of the Wanderer. We would really like to see more Chapters participating in this Visitation Program. If you have questions about the program or have suggestions to make it better, please email me. The rules were designed to be fair to all sizes of Chapters and designed to be a Visitation Program, not a competition. Let's all get out and VISIT!

**For** all of you who remember Ed Porter, he recently passed away. There is a Celebration of Life for him on June 8th at the FOP Lodge located at 9001 Taylor Road, Seffner, from Noon until 2:00PM. Lunch will be served. Please RSVP by June 1st to Nan Shrader at [floriadd@msn.com](mailto:floriadd@msn.com) or on Group Works on one of the already published events.

Continued from previous page:

**On** August 27-31, GWRRA is having a little thing called Wing Ding in Nashville, Tennessee, at a place called the Opryland Gaylord! If you have been to that Gaylord before, you know. If you haven't been there, you need to go! At the price we are getting rooms for, it's worth going just for the hotel. It's 15 acres under air; everything is inside including restaurants and bars and there is even a river inside you can schedule a boat ride on! The Opryland Gaylord is an experience in itself. After you make your room reservations, don't forget to register for Wing Ding ASAP, so you can get in on the two dinners and entertainment before they sell out! GWRRA also has a competition/ challenge going on between the Districts seeing who can get to 10% of our membership preregistered for Wing Ding! Florida has the largest number to achieve, 311 registrations! So, if you are going – get those pre-registrations in ASAP!

**Remember** – you can still sign up to go on the Florida District Sponsored Wingers N Waves Cruise to Cuba, departing Ft. Lauderdale on November 30th returning on December 4th! Also, you can sign up to go on the Florida District Sponsored Wingers N Waves Cruise 12 Day Land and Sea Cruise to Alaska beginning, May 25th, 2020! Just contact Deanna at [deanna@wingersnwaves.com](mailto:deanna@wingersnwaves.com).

Happy  
Father's  
Day

**We** want to send out a big THANK YOU to all of you Dad's out there and celebrate Father's Day on June 16th!

**We** are happy to see that Jere and Sherry Goodman have accepted the new position of Directors of GWRRA! They will be officially installed at Wing Ding 41 in Nashville! Congratulations and it's been great to see you both at the District Rallies!

Have a **FUN** and rewarding summer – Try to stay COOL!

## Tim & Nancy Moriarty Membership Enhancement

In 1970 John Fogerty, singer and songwriter for the band Creedence Clearwater Revival wrote a song "Lookin Out My Back Door". While I don't see the strange things he wrote about (tambourines and elephants) I do see some not so strange things. I have, no surprise, palm trees, also banana trees, a lime tree, and pineapples. Ah, the creatures. Little lizards and a couple of good sized iguanas. Different brands of ducks swimming in the lake, storks of different sizes, and an anhinga who returns to the same tree branch almost every afternoon. I know that there are fish in the lake and I have seen a few turtles. Not being too far from the Everglades I am treated to spectacular light shows as the summer afternoon and evening thunderstorms roll in from the west.

**Take the time to look out your back door, you may be surprised at what you see.**

Hurricane season (Claudia's favorite time of year) starts this month. Those of us who have lived here awhile know that have to prepare. Both the print and tv media will tell you what you should do to get ready. Let's hope we have a storm free season.

**Check** your membership expiration date. GWRRA offers so many benefits that you don't want to miss out on. Attend our gatherings, rides and events, we have FUN.

Ride and drive safe.

Please ride and drive safe.

Plotus **anhinga** Linnaeus, 1766. The **anhinga** (/æn'hɪŋgə/; **Anhinga anhinga**), sometimes called snakebird, darter, American darter, or water turkey, is a water bird of the warmer parts of the Americas. The word **anhinga** comes from the Brazilian Tupi language and means devil bird or snake bird.

**June 1<sup>st</sup>** marks the beginning of **Hurricane Season** and with the hot weather already upon us, who knows what this season is going to be like. All we can do is get ready for it. Hopefully you will start putting your supply kit together and not wait until there is already a hurricane on the horizon. Don't wait until the last minute.

Summer is here and already in full swing! And as in past years, it will be hot riding. This is the time we need to plan rides in the **early mornings** and **late afternoons** to try to beat the heat of the day. So if you have any suggestions or ideas on rides to beat the heat, please let me know. The Chapter Team will be thinking hard on this, but we need your help! Join us at a Team meeting or hand in any ideas and suggestions to someone on the team. It is time for you to get involved and join in the **FUN!**

With all this talk of the heat, what do you think the key word is for the summer – **HYDRATE, HYDRATE AND HYDRATE SOME MORE!** Do you remember the suggestions given to you last year? Just ask Ty Taylor – he used some this past month and said it worked great.

I was able to secure the Wellington Range for a **BRC2** – a Motorcycle Safety Foundation basic riding course 2 which is **equal to an advance course for 2 wheels**. This course is good for the Rider Ed Program 1 time. By the time you receive this newsletter you should have received an email stating if you are eligible to take this course. If you are interested here is the information:

**Date: Sunday, June 9<sup>th</sup> 2019**

**Start Time: 8:30 am**

**Location of Range: 2175 Wellington Green Drive, Wellington FL 33414**

This is a 2 wheel course and will be limited to 12 bikes

Please RSVP by Monday, June 3<sup>rd</sup> (at the Chapter gathering) – will need a check for \$30 to hold your spot)

This will be on a first come – first serve bases

Any questions please contact me (Ray Vega) at 561-704-7378 or email: [rvega19854@gmail.com](mailto:rvega19854@gmail.com)

As always, our rides are open to everyone and you are welcome to join us by bike or car – rain or shine. We just want you to have **FUN!**

# ***MOTORIST AWARENESS IS EVERYWHERE***

by Claudia Vega

As you know **May** was **Motorcycle Awareness** month. Just because that was last month doesn't mean we stop promoting motorcycle awareness. Remember motorcycle awareness is all the time and everywhere around us.

I know when Ray and I **traveled to Pennsylvania** – even towing the bike – **people came up to Ray at rest stops and gas stations, asking about the bike.**

I bet that Bill and Cheryl on their month long bike ride around the east coast **got asked about their bike at rest stops, gas stops and even when they went out to breakfast, lunch or dinner.**

I am sure that the members that rode on the "Connect the Dots" tour had people ask them about their bikes.

**ALL of these times are MOTORCYCLE / MOTORIST AWARENESS MOMENTS!** What better way to make the public aware of us then when we talk about our bikes. Please take advantage of these times and promote motorist awareness.

Speaking of Pennsylvania – Ray and I had the opportunity to attend the PA District Rally in May. It was a great rally, very well organized and FUN! We want to **thank Harold and Diane Jackson** and the **PA District Team for a great rally and a great time!**

While we were in Pennsylvania we had a chance to visit the **Gettysburg National Military Park** again. It has been 25 years since the last time we were there and boy has it changed. There is more to see. We took the **self-guided auto tour with a book and CD's** which we listened in the car. It was really good and made us think about the times. Ray likes studying the Civil War time period and has read several books and magazines on the time period. The PA Rally also hosted a guided tour which everyone said was very good.

The PA District also set up a **tour to the Harley Davidson Factory** / Plant in York, PA. I believe there were 50+ GWRRA members that went on the 2 tours and I bet the factory had not had that many Goldwings in the parking lot at one time before. This tour was well organized and very interesting – we recommend it if you are in the area. Unfortunately no photos were allowed.

Finally, we couldn't be this close to **Hershey PA** without checking out the chocolate. I have to say I have never seen so much chocolate as what we saw at the Hershey Chocolate Factory. It was interesting and fun and I am glad we stopped by even if I didn't get to eat the chocolate.

Riding around the York PA area also gave me a chance to **play with my photography** and I finally got a **photo of a red barn** that I have been try to get for years, but Ray would never stop. We really had a good time in Pennsylvania.

As you ride this summer please take advantage of each of your motorist awareness moments.

## **“Who Are You?” by Claudia Vega**

### **This month we are going to get to know our Chapter Member Catherine Anatra**

**Catherine** currently lives in Lake Worth, but was born in Brooklyn New York and calls Queens New York her home town -just check out the accent. **Catherine** is an April baby and stated she was born in 1964 AND she has 2 adult daughters – Alison and Amanda – sorry **Catherine** you just do not look old enough to have grown children. She does not have any grandchildren (yet), but does have a couple of grand Puppies – Samantha 3 and Ruth 14 months. You will have to ask her what type of puppies they are. **Catherine** has been divorced for 11 years.

**Catherine** moved to Florida in September 2010, after her divorce, to be closer to family. Like most of us, family is very important to **Catherine**. She works in the Royal Palm School as an Assistant Behavioral / Physical Needs Teacher. This school is for all special needs children from pre-K to age 22. **Catherine** has been working with special needs children since 1999 – 11 years in New York and 9 years here in Florida.

**Catherine** joined **GWRRA** in **January 2018** after taking a Safety Council (MSF) riding course with Ray Vega as her instructor. Ray invited **Catherine** to one of our Chapter gatherings and **Catherine** has been with us ever since. She joined GWRRA because she saw that we were a fun loving group and we made her feel welcomed!

**Catherine** currently rides a **250 Red Rebel**, but got the bug while on a summer vacation in Italy riding a Vespa. She started riding her Rebel in the Summer of 2017. Even though **Catherine** is a relatively new rider, is doing really good, building up her confidence and spreading her wings riding with Chapter FL2-A.

**Catherine's** family comes from a **small town in the mountains of Sicily called Partanna**. **Catherine** and her family still have the family home in Sicily and return often for vacation. This is where Catherine **learned how to ride a Vespa**. She tells us that her father taught her how to ride a Vespa in the summer of 1982 – “it is a very common mode of transportation in Sicily and it is fun to ride”. Back in the States, her parents were against motorcycle and felt it was too dangerous. Her ex-husband was also against riding. But – as **Catherine** states – “in 2017 I meet a really nice guy, **Bryan, who has a beautiful yellow Honda Goldwing** and my love of motorcycles came back. Bryan encouraged me to take a motorcycle class and learn to ride my own bike. So I did. I love my little red Honda Rebel. In class I meet a great instructor, **Ray Vega, who invited me to come to a gathering with Chapter FL2-A**. **Now I am living my life to the fullest”**.

When asked what **other hobbies** and / or sports she liked, **Catherine** stated a whole list of things: yoga, gardening, horseback riding, being with her grand puppies, having fun with friends, being on the beach, reading, movies and napping whenever possible. Not sure when she time for all these activities, but they sound fun.

I also asked **Catherine** if she was involved with any **other organizations** and she said she is involved with Defenders LEMC – Defenders Law Enforcement Motorcycle Club – with Bryan who is in law enforcement.

Finally I wanted to know what **Catherine** would like to do this year with the Chapter – she said “**this year I want to continue being a member of our wonderful group, Chapter FL2-A, and grow a deeper and long lasting friendship with my fellow members”**”.

**We are glad you are part of GWRRA and Chapter FL2-A!**

Looking Glass Falls is one of the most popular and beautiful waterfalls in NC. The name "Looking Glass" comes from Looking Glass Rock, where water flows on its sides in the winter and then freezes in the summer like a mirror or looking glass. It is a popular spot for recreation along U.S. 276. Steps lead down to the falls for a close-up view. The waterfall is 60 ft. tall. Nearby are Sliding Rock, Moore Cove Falls, Dismal Ridge Falls, Long Hollow Falls, Cove Creek Falls, Stick Branch Falls, Pink Branch Falls and the Forest Discovery Center at Cradle of Forestry.
