## IMPORTANT!

**We have a Guest Speaker for the August 5th Gathering!  
Please come and listen and learn about Sky Med. If you haven't  
heard about it - now is the time. If you have heard about it, come  
and listen as you may have missed some important information.**

I want to thank Nancy & Tim for organizing and everyone that attended the Christmas in July Picnic on the 28th of July - What FUN we had with FL1-B Brandon, FL2-A West Palm, FL2-E Miami, FL2-G Ft Myers and FL2-R Fort Lauderdale. We had a lot of people on vacation for this event, but we still had a great turn out. We are way ahead with toys from where we were last year at this time! We have a new school that we are supporting this year, Highland Elementary. Don & Elaine did a great job locating a school that really needs the help and will appreciate the toys received. It will be in Lake Worth this year. We are very excited as is the school. The Santa Sleigh Ride will be held on December 14th.

The Holiday Party this year too has moved. The new location is different than where we have been but it looks to be FUN for us. It is being held on SUNDAY December 15th at "Brogue's Down Under" restaurant in Lake Worth. They have a back room and we will have a buffet. We are looking forward to the change. SAVE THE DATES! December 14th Toy Run and December 15th Holiday Party.

The weather has been extremely warm and lately a little wet too. This has not stopped FL2-A from getting out there and continuing to have FUN. Please check out the calendar and save the dates & join us in the FUN that we have.

See you on a ride real soon!

**Save the Dates!**  
**December 14th & 15th**

**Our Gathering is AUGUST 5, 2019**  
6pm for dinner and 7pm for Gathering  
**The HIVE 618 Lantana Road Lantana, FL 33462**

## Tim & Nancy Moriarty Membership Enhancement

Let's go back in time. In my newsletter article in March 2017 I wrote about counting a bag of M&M Peanuts. This exercise proved I had too much time on my hands. Let me recap the results. Blue 109, Yellow 140, Green 109, Red 40, Orange 88, and Brown 41 for a total of 527.

Ok, what's the point? I kind of issued a challenge to any of you (who read the article) to count a bag of plain M&M's. No one tried. I was disappointed. So I took it upon myself to accept the daunting task.

Costco sells a 3 pound 14 ounce container of plain M&M's. I purchased (at my own expense) said container so I could make the count and provide to you all with the results. Unlike the peanut count which I did without help, someone took pity (or was it amusement) on me and helped with the count.

There were 2,280 pieces in the container, 337 Blue, 353 Yellow, 385 Green, 305 Red, 601 Orange, and 229 Brown. This count would have been audited by the accounting firm of Dewey, Cheatham, and Howe but they are all in prison, so you will have to trust me.

Now, do all bags or containers of Peanut and Plain M&M's contain the same amounts? Is this another challenge? You can decide. The best part of this exercise is disposing (by eating) the objects being counted.

I love music, most genres. This song written by Hal David and the music composed by Burt Bacharach was recorded and sung by Jackie DeShannon in 1965. "What the World Needs Now is Love Sweet Love", it's the only thing that there's just too little of".

I hope you all had a fun filled July and are looking forward to the same for August.  
Ride and drive safely.

## Nancy Moriarty Assistant Chapter Director

Hello All,

After I finished writing my article for the July Newsletter, I was off to pack for The Alabama Rally.

Boy did we have FUN,FUN,FUN and it was HOT,HOT,HOT. As a lot of you know we have a Bunk House Camper that we tow behind the trike. The campground at Lakepoint State Park is beautiful and we camped there before and loved it BUT..... This time I will have to say it was too hot. Don't think we will do the camping thing in Alabama in June again, but rumor has it the 2020 Rally will be in the Fall so we will probably camp.

Okay fellow riders, I FINALLY DID IT. On June 20,2019 I drove the Trike and got out of 2<sup>nd</sup> gear. I think I did a fabulous job, but my passenger was maybe a little nervous. I felt confident especially since I had taken the Trike Class (3 maybe 4 times) that was offered thru GWRRA taught by the Vega Team our Chapter Rider Educators.

I now have 5 maybe 6 Safe Miles logged. Since Tim and I are both level 4 Master Riders that means ATGATT (all the gear all the time). Well tell me what you think. As I mentioned before it was hot very hot. After getting all our camping stuff set up, a job and a half, I wanted to start my safe riding. Well my Co-rider refused to put on the gear. So, I refused to take him. Which also meant I didn't ride, not confident to go off alone by myself. Now do you think he was hot (temperature hot) or was he afraid that if I start driving and not being the Co-Rider, he would have to buy me my own Trike HMMMMM!!

Remember, please sell and buy the raffle tickets to support Rider Education. The course can save your life.

Thank you to all who came and supported the Christmas in July Picnic!

Nancy Moriarty  
954-249-8858

## Rick & Pam Northrop Senior District Ride Educators & Chelsea too!

Hot, hot, hot, and I'm not talking about all those girls on one of those Elvis Presley movies. I'm talking about what the weather man is saying. It's going to be HOT! Holy Schmoly, it was 103 on my car temp gauge the other day. No wonder Chelsea wanted to ride in the air conditioned car! Smart service dog right there! Watching the news the other night the weather man said we gonna be having a heat wave for the next several weeks. Well I've been in Florida since 1957 and I know when the weather guy says several weeks hang on, we are in for it now! It's gonna be HOT!

Well, if you're not as smart as Chelsea and do have to ride your great steed please be sure to drink, drink, drink, plenty of, wait for it...WATER!!! Best thing to stay hydrated is water! Even with some of those "sports drinks" we need to be careful and read the labels! Some of the ingredients of some of those sports drinks will not agree with some of the medications we may be taking, so be careful there. Check with your doctor. Whatever you do **STAY HYDRATED!** Remember if you stop perspiring, you are already dehydrated. Get off your bike, out of the heat and cooled down. Drink room temp water slowly to get hydrated. (A quick way I find to cool down is running tap water over my wrists and a wet rag around my neck will cool me down quickly. Just a tip.)

Also, if you are riding in this heat keeping covered with long sleeves will prevent the wind from drying you out too quickly, as well as the sun. When you perspire the wind through your clothing will actually help to keep you cooler. And as we Gold Wingers all know wearing our helmet is yes, warm but, we do not get that brain fry as one will without the helmet. If you remember an article in our Wing World magazine a few years ago that debunked that theory of whether it was cooler with or without a helmet and they proved it was cooler **WITH** a helmet. So, let's remember to **ATGATT**. Best protection for many reasons. Common sense being number one!

Okie Dokie, make sure you check you chapter calendar for what's going on and join in on the fun! I know you can't always make every activity posted but, try to make the ones you can. You won't regret the **FUN**. Even if you must four-wheel it, at least go!.. Pam and I often relent to Chelsea's wishes and take the air conditioned car. (grin)

Either way you go remember to Ride Safe, Ride Aware,

Rick Northrop, Senior District Educator

## ***Chapter Ride Coordinator and Educator Corner***

### **By Ray & Claudia Vega**

As many of us get ready to head to Wing Ding 41 in Nashville TN we need to remember that we will be riding in different situations, including riding in a bigger city and what that type of traffic entails. I thought this article would be a good reminder regarding hidden traffic problems.

This information is from David L. Hough's "MCN Street Strategies  
A Survival Guide for Motorcyclists."

### ***HIDDEN TURNERS***

#### **Having the Right of Way Doesn't Mean You Won't Get Hit**

You're riding an arterial street, but traffic is light and you're aware that intersections, alleys and driveways are locations where accidents frequently occur, so you watch traffic ahead. When you spot vehicles on side streets that might pull out, you cover the brakes and prepare to make a quick stop if needed. You watch especially for oncoming cars that might turn left across your path because you know that left-turners are a major hazard for motorcyclists.

As you approach an intersection, you are watching for such left-turners. There's a large truck to your left waiting to turn left, but as you begin to pass the truck you can see that there are no cars in the opposing lane that could turn left, so you accelerate back to speed to get through the intersection quickly.

Just as you pass the truck, a car suddenly shoots out from the left in front of the truck and directly into your path. You roll off the throttle and swerve hard to avoid a collision. Fortunately, you miss the car, but the rear end slides out and the bike crashes on its side, skidding into the curb in a trail of sparks and broken plastic. The driver speeds away, leaving you to pick yourself up and survey the damage.

It is wise to understand that intersections are dangerous locations, and it is smart to look for left-turners. But you must predict that a left-turner could be hidden behind a large object such as a truck. Accelerating into an intersection increases forward energy, which increases your stopping distance.

You should always be prepared to stop within your sight distance, which in this case was severely limited by the truck. Even though you may have the legal right – of – way, you should slow down before proceeding until you can see around the object.

Let's discuss this at the next Chapter gathering – bring me your questions and stories when you were in this situation. In the mean time let's ride and have some FUN!

## “Who Are You?” by Claudia Vega

**This month we are going to get to know our  
Chapter Members:  
David and Susan Lovelace.**

Did you know that Susan is from Montreal, Canada? Bet you didn't know Dave was born in Sacramento, California, but calls Albany, Georgia his home town – didn't figure on Dave being an ole' country boy.

Now they live in West Palm Beach, Florida. Susan moved to Florida first in 1970 when her family moved to Hollywood, Florida. Dave didn't get here until 1982 when he got out of the United States Coast Guard and was deciding where he wanted to live. He had an Aunt and Uncle that lived in Juno Beach, so he headed south.

Dave and Susan have been married 26 years and do not have any children unless you want to count the 4 legged variety. Both Dave and Susan still work and are insurance agents. Give them a call and see what they can do for your insurance needs.

Dave and Susan have been riding since they were teenagers. Susan started riding at the age of 15 on a Suzuki 90. While Dave started riding around the age of 12 or 13 – as he said “I started riding as a kid on mini bikes and a Honda Trail 70 that my friends and cousins had”. Susan currently rides a 2016 Honda F6B and Dave is on a 2012 Honda Goldwing.

They joined GWRRA in 2013. They had heard through the Honda dealership that there was a Honda riders group associated with Honda that they should check out. When Dave started searching where this Honda group was he came across the Stuart Chapter first and called them, but got not answer, so he called his next choice, Chapter FL2-A. Cheryl's name was listed as the contact. Dave tells the story of when he called, Bill answered the phone, when he asked to speak to Cheryl, Bill reply was “may I ask who is calling” – Dave told him his name and why he was calling. Dave said “Bill's tone quickly changed and he got a whole lot friendlier”. As they say the rest is “history”.

When asked what they liked about GWRRA they said it was the people they have meet, the friends they have made and the fun rides they have gone on.

The only other organization they belong too is the Palm Coast Health Underwriters. Neither one of them wanted to share an interesting life story, but Dave and Susan have some great hobbies. Dave likes fishing, boating, bicycle riding, hunting, skeet and target shooting. Susan likes to play card games and bicycle riding.

Finally when asked what they wanted to do this year with the Chapter, Dave and Susan both want to keep riding and continue having FUN!

## Bill & Cheryl Smith Florida District Directors

When you're HOT you're HOT! Yes it's HOT here in Florida but then again it's HOT most everywhere! I've seen temperatures around the country that are hotter than it is here. We have all changed up our riding schedules to only be out in the cooler parts of the day and still avoiding the afternoon rains, although they are sometimes welcomed to cool us down on the bikes! We also have to remember to stay hydrated and take breaks more often.

Many of our Florida members are off on vacation or are snow birding up north of us! Hopefully we will be able to meet up with a lot of them at Wing Ding 41 in Nashville Tennessee! Cheryl and I are looking forward to attending for three main reasons! One, we will take a leisurely ride on back roads to get there. Two, staying at the Gaylord Opryland Resort is always a special treat. It's an adventure in itself! Three, we get to see all of our Friends and Family we haven't seen in a while and make New friends in GWRRA! We have heard from some that say why go because it's in the same state as last year and that the Gaylord is so expensive. We say refer to the three reasons we are looking forward to and use them as your reasons for going! To all of the Florida members who volunteered to help out with Ticket Sales on Friday – Thank You very much! I'm sure everyone will have a FUN time and you get to experience some of the reason three while helping out! Cheryl and I hope to see you at Wing Ding!

After Wing Ding Cheryl and I will be going to the Georgia District Ride In, the North Carolina District Rally and the Mississippi District Rally. Hopefully we will see you again or meet you for the first time at one of these FUN Rallies! Make sure you make plans to come to the Florida District Fall Ride In October 26<sup>th</sup>, the Sunrise Sunset Ride! All of the information is on the District Website - <http://www.gwrraflorida.com/events.html>. If you need to get hotel rooms we suggest you don't wait too long as several of them have sold out already. Speaking of the website, it was just updated. Check out the Events Page and you can check out the November 30<sup>th</sup> Wingers N Waves Cruise! We added a Ride Coordinator page that is currently under construction. We want to welcome Ed and Jeanette Carr to the District Team as Assistant District Ride Coordinators!

If you haven't heard, Carl and Kathy Williams have stepped aside from the District Team and as the SE ICOY due to personal reasons (no further information). We will miss them on the Team and wish them the best in the future.

Okay Florida – let's all get out and HAVE A FUN TIME! Just Gotta Ride It!

## **GWRRA-FL District – 5 nights of FUN!**

Mark your calendar and join the GWRRA-FL District on the "Independence of the Seas" on **November 30, 2019 for 5 nights**. The WINGERS-N-WAVES cruise will depart from Fort Lauderdale to Labadee, Haiti and Falmouth, Jamaica. Labadee is a private Royal Caribbean island that features pristine beaches, coral reefs and lagoon-like bays surrounded by forested mountains. The latest \$100m make-over and revamped ship focuses on new features, additional food options and new activities.

The group rates offer a refundable deposit! Please book with us to ensure your included into our special events, parties & group dinners. Pricing includes ALL port taxes & double occupancy. **BALCONY - \$637pp** (premium location) **INSIDE - \$497pp**

**IMPORTANT** - The Cuba itinerary and ship are changed. If you were booked on the Cuba cruise please email Deanna as soon as possible if you'd like to move your deposit to the Independence of the Seas sailing November 30, 2019. If possible, we ask if you can email instead of calling due to the number of reservations we need to move to the new ship. [deanna@wingersnwaves.com](mailto:deanna@wingersnwaves.com)

**ASK ABOUT OUR ALASKA CRUISE TOUR 2020! [WWW.WINGERSNWAVES.COM](http://WWW.WINGERSNWAVES.COM)**

**LIMITED SPACE – OPEN TO ALL WINGERS & FRIENDS.**

**FOR NEW RESERVATIONS CALL (386) 299-7535 – \$100 deposit per person**

# **MOTORIST AWARENESS IS EVERYWHERE**

by Claudia Vega

Last month I found some information in my AAA Living Magazine that I thought was interesting and went along with Motorist Awareness. Well I found another article in the magazine that is pertinent to Motorist Awareness. Please read it and let me know what you think.

With the heat ramping up this summer so are people's tempers on the road. This article has some good advice for you.

This article is courtesy of AAA Living Magazine May / June Issue:

## **CROSSING THE LINE**

Unchecked emotions can lead to aggressive driving and even road rage. Here's how to identify these dangerous habits – and how to prevent them.

### **Aggressive Driving:**

- Speeding, weaving, tailgating
- Changing lanes without signaling
- Cutting in front of someone and then slowing down
- Running a red light
- Blocking cars attempting to pass or change lanes

### **Road Rage**

- Cursing and making rude or obscene gestures
- Throwing objects
- Ramming or sideswiping another vehicle
- Forcing a driver off the road

More than three-fourths of U.S. drivers admitted to aggressive driving behavior in the past year:

51% Purposely tailgated. 45% Honked to show annoyance / anger. 33% Made angry gestures. 12% Purposely cut off another vehicle. 4% Got out of the vehicle to confront another driver and 3% Purposely bumped or rammed another vehicle.

### **Safety Tips:**

Become a better driver – AAA actually has a Mobile app that you can down load to monitor and score your driving habits and then get advice on how you can improve

*For us on motorcycles, we have seminars and riding courses to help us improve.*

Don't offend:

Don't intentionally force another driver to brake or turn in response to something you have done.

*This advice is not only for when you are driving your car – it is also good for when you are riding your bike.*

Be tolerant and forgiving:

Don't take it personally if the driver of a vehicle is tailgating or cuts you off. The other driver may just be having a bad day.

*This is good advice whether you are driving your car or riding your bike – but also remembers drivers don't see motorcycles so just get out of the way – they are bigger than us.*

Do not respond:

Avoid eye contact, don't make gestures, maintain space around your vehicle and call 911 if you believe you are in danger.

*Again just get out of their way – they are bigger than you. Who do you think will win in a battle between a car and a motorcycle?*

**Dinner at Catfish Dewey's  
4003 N Andrews Avenue  
Ft Lauderdale  
August 19th  
Meet at 6:30 seat at 6:45

Provided by California SideCar

## Wings Over the Smokies®

Hosted by NC GWRRA

Looking Glass Falls is one of the most popular and beautiful waterfalls in NC. The name "Looking Glass" comes from Looking Glass Rock, where water freezes on its sides in the winter and then glistens in the sunlight like a mirror or looking glass. It is a popular spot for travelers along U.S. 276. Steps lead down to the falls for a close-up view. The waterfall is 60 ft. tall. Nearby are Sliding Rock, Moore Cove Falls, Daniel Ridge Falls, Log Hollow Falls, Cove Creek Falls, Slick Rock Falls, Pink Beds Hike and the Forest Discovery Center at Cradle of Forestry.

Haywood County Fairgrounds  
758 Crabtree Rd.  
Waynesville, NC 28785
