GOLD WING ROAD RIDERS ASSOCIATION
Friends for Fun Safety & Knowledge

Oct—Nov 2020

Happy November!

Join us Monday Night 11-2-2020 for our Chapter Zoom Gathering at 7pm. You all should have received the link to join in. If you haven't give me a call and we can resend it. 561-445-1624 / 561-445-4270

Bill & I completed our travels to North Carolina, Tennessee, Georgia and Mississippi. It was really great to get out for a change of scenery and also see our friends! That was the best thing – seeing people you hadn't seen in a long time. In North Carolina (which we were there 3 days) we ran into a lot of folks from South Carolina. When the North Carolina rally was cancelled and they changed to riding weekends, everyone one said "hey let's go anyway!" So that was great. We then left North Carolina and went to Tennessee and saw some friends that moved from here. That was great too! We then headed to Georgia – where we relaxed, we rode, we saw friends. It was AWESOME! We got to see Fall Leaves – something that we don't get to see down here in Florida. We then came home on Monday dropped the camper and truck off, we did laundry and then Wednesday took off to Mississippi for the Mississippi District Rally. What FUN! It is always good to go, but it is always good to come home. (Well sort of – I had to go back to work).

While we were gone, Claudia had heart surgery. Recovery is going slow, but she has finally gotten transferred to rehab. You can call her 561-722-0632. She would LOVE to hear from you! Keep her in your thoughts and prayers. They are always welcomed. Tim Moriarty is doing good! We had dinner with he and Nancy last week. Again, Keep them in your thoughts and prayers. Ray Lajoie is back home from his stay in the hospital and rehab. Please keep Ray and Nancy in your thoughts and prayers. I guess – lets just keep EVERYONE in our thoughts and prayers. We are hoping that 2020 gets out of here quick! It won't be long... Chapter R, Mark Coulton was recently in the hospital and we lost a good friend from Chapter O, Stuart, Bud Parrish. Please keep their families in your thoughts and prayers.

OK enough of illness; Chapter FL2-O Stuart has invited us to their Holiday Party. I sent out the flyer a few weeks ago. Please let me know if you want to join in. It is on a Tuesday December 8th at 6pm. It is being held outside at Applebee's 10501 US-1 Port St Lucie. Order from the menu. They are collecting non-perishable grocery items that will be donated. Please let me know if you are interested in joining us on their FUN!

The breakfast with Santa at Sea Meadow will be a little different this year. They suggested doing a "drive by" and dropping toys off. So we will have Santa and a couple of his helpers there on December 5th receiving toys and handing out breakfast sandwiches. We don't want to lose the comradery with Sea Meadows and the toys for the children.

I am working on a venue for our Holiday Party. We are looking at a picnic type event. I would like to know who would be interested in joining us. Please send me an email: gwrider2up@gmail.com or phone call 561-445-1624 and let me know. If that doesn't sound good to you, let me know of an idea so we can get it going.

We need to setup some rides this month. At the gathering tomorrow night – we will discuss some places to go. I know Elaine Flores has an idea!

I am looking forward to seeing and hearing from everyone tomorrow night. Zoom 7pm, at the comfort of your home.

Talk to you soon!
Cheryl Smith
Senior Chapter Director

Bill & Cheryl Smith Florida District Directors

November is upon us. The last month in the official "Hurricane Season". Boy what a season it has been so far! The Gulf Coast has been hit especially hard this year. As of this writing we are up to the Greek Alphabet Epsilon! Let's hope this year's season doesn't continue on into December like 2005 did.

October was a FUN busy month for us. Due to truck issues we got a delayed start and made it to Waynesville North Carolina on September 26th camping in the 5th wheel at Creekwood Farm RV Park where a lot of South Carolina members were staying! We also met some non-riding friends from Tennessee there! On the 29th we made it to River Plantation RV Resort in Sevierville TN visiting with friends and enjoying the Pigeon Forge and Gatlinburg area until the 4th of October. We arrived at River Vista Mountain Village RV Resort (notice a lot of the RV Parks center around rivers!) where the Georgia District "Come Ride With Us" Rally was happening the following weekend. Rick and Madalena Buck joined us in the 5th wheel and we did some mountain riding that Rick had mapped out to do prior to the Rally. What great roads and riding weather we had. The leaves were just starting to change but it was still mostly green. By Friday the rains started to move in on us but the groups from the rally doing Carlos Lozano's expert ride routes still went on mostly staying dry. The Georgia District Team put on a FUN event for all. We were also able to sell some District Rider Education Raffle Tickets! The dates for next year are September 16th – 18th at the same location. We left on Sunday and had to load the Wing into the toy hauler in the rain! We had never done that before and none of the roads were level so it was a challenge. Once inside the rear wheel of the bike spun to the left while trying to get the front wheel into the wheel chock. – OH NO! With help from Cheryl and Wayne Latrell (our author vendor) we were able to get the bike back straight and into the wheel chock. Yea!! We brought the 5th wheel back home over the next 2 days, spent one day home doing laundry and cleaning the bike and left the next day on the Wing for the Mississippi Rally! The theme was Medieval Madness! We arrived on Thursday and had FUN, FUN, FUN until we left on Sunday. KZ and Terry Kleinheitz and their Team put on a great rally. Our Florida District Educators, Dominick and Diane DiSiato won best Couples Costume! Diane was a Dragon and Dominick was a Knight Dragon Slayer! At closing ceremonies the District sold about 350 District Rider Education Raffle Tickets by having a Raffle the Raffle Ticket sale! Our own Carlos Lozano got sick, no NOT Covid, and stayed Saturday night in the hospital riding home on Monday.

At both rallies we saw some old friends and made new ones. Thank you Georgia and Mississippi for going ahead and being able to put on a FUN Rally!

Unfortunately we will not be able to go to the Virginia Rally this year so if you go tell everyone we said hi and bring some raffle tickets with you to sell! Hope everyone has a Happy Halloween!

Don't forget Election Day on November 3rd so be sure to get out and VOTE! November is starting out FUN with the Florida District Coast to Coast Ride on November 8th starting at Crescent Beach Park and going back roads to Cedar Key. You don't want to miss this one! It's time to get out and join us for a FUN RIDE! Unfortunately FL1-K's Saluting All Veterans Rally has been cancelled. Fortunately Veterans Day has not been cancelled. We celebrate that on the 11th of November! On November 26th we hope you have a Happy Thanksgiving!

Please try to get out and sell the Rider Education Raffle Tickets! We need to think outside the box and find opportunities to sell as many as we can. YOUR Rider Ed needs YOU!

We want to thank all of you for anything and everything you do to keep your Chapter and the District going STRONG in the current climate and keep having FUN in the FUNshine State!

WE hope to see you on a RIDE SOON!

MOTORIST AWARENESS IS EVERYWHERE

by Claudia Vega

This is Claudia's October 2020 Motorist Awareness Article.

(I did not complete an October Newsletter), I am using this in November. Get Well Claudia!

It is down to the wire to turn in my newsletter article to Cheryl and I can't think of a thing to write about. And then I realized one of the reasons it is so hard for me this month to write about something is that I have not done a whole lot with the Chapter over the last several months. Our Chapter has not had an in person gathering since March. Don't get me wrong, I am glad that we have had our zoom call gatherings, but as you know it is not the same. I did get the opportunity to see a few of you at our last Ice Cream Sunday of the season at the Ice Cream Club in Manalapan. And we did have a kick tires to celebrate National Cheeseburger Day at Bru's Room, but it is not enough. So I guess I am saying I miss you all and I can't wait until we get back to some kind of normal. In the mean time, I will have to be satisfied with our next virtual gathering – I hope I will see you there!

I found this article in my AAA magazine and thought I would share it with you.

TIME TO GET REAL

Did you know if you're flying domestically on or after October 1, 2020 you may need a new type of personal identification? This form of ID or License is known as the "Real ID" and it requires more documentation to obtain than a standard driver's license.

Not everyone will need a Real ID. You won't need it for driving or voting, but you will need it for flying commercially or visiting a military base, nuclear facility or federal building that requires identification.

If you don't have a Real ID by October 1st you can use alternative IDs, such as a passport, passport card, permanent resident card or military ID. An enhanced driver's license, issued by some states – Florida is one of them – is also acceptable.

Tip: Want to check whether your current driver's license is compliant? Real IDs generally have a star at the top of the card. If you have renewed your Florida driver's license in recent years, your license should have the gold star on it.

For more information and a list of documents required to get a Real ID, check out the Florida DMV website.

MOTORCYCLE INSURANCE - PART 2

Here is another thing to consider. About 25% of the vehicles you interact with every day on the road either have only the basic 10/20/10 coverage or “no” insurance at all. You might wonder how someone can purchase their vehicle tags without proof of insurance? It is unfortunately pretty easy to do. They go to one of the pay-by-month insurance companies and buy the first months’ worth of insurance. They then go and purchase their vehicle tag. After that they stop making their monthly payments and are driving for the next 11 months with no insurance. What’s going to happen to you if they hit you?

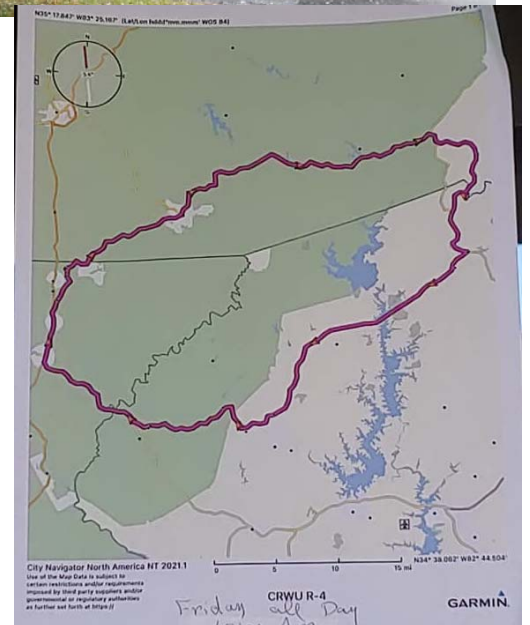

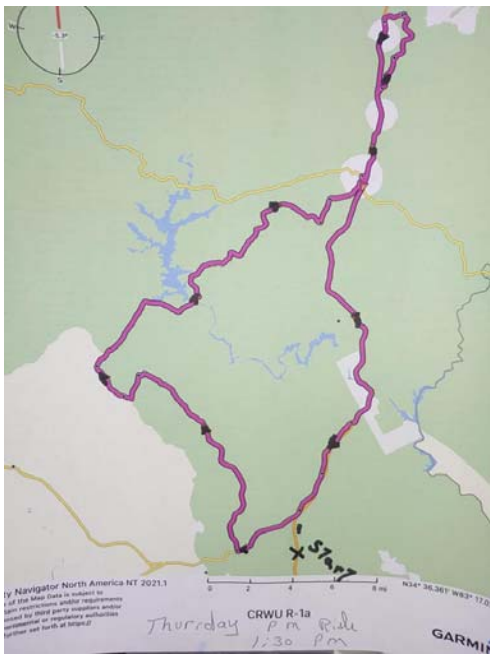

To protect yourself from your bodily injury costs you must purchase what is called “Uninsured Motorist Coverage” also referred to “Under Insured Motorist Coverage”. That coverage will pick up the additional costs once the other persons limits have been paid if they only had 10/20/10 and your medical costs are above that, or they had no insurance. It is true that if you are injured in a crash, and there is no or inadequate motorcycle or automobile insurance, that your medical insurance such as Medicare, VA, Humana, Blue Cross, etc. would pay your medical bills. If the injuries you sustained at the fault of another person you are entitled to additional compensation. This is what you hear on all of the TV and radio commercials. The most prominent in Florida is M & M. (I think you know who that is.) The commercials will say that if the crash wasn’t your fault you are entitled to monies for “Pain and Suffering”, “Loss of Wages” and “Change of Lifestyle”. This is all true but only if there is money available for the lawyer to go after. Your Health Insurance Medical Provider is not responsible to pay anything more than what is called “Making You Whole Again”. That means they only pay the medical bills. So where does all of that “big money” come from, they talk about in the commercials? That big money is only available if you are lucky enough to be injured by someone who has a lot of Automobile Insurance Coverage or a lot of Personal Money. Do you really want to bank on that chance? The only way to protect yourself so there is some big money available is to purchase the “Uninsured Motorist Coverage” from your own insurance company. Pick an amount of money that you feel would be adequate should you be injured badly and could not work anymore or if you are retired would compensate you for your physical loss. You contact your agent and tell them what that figure should be and he/she will tell you how much your yearly premium will be. Remember when you are deciding on how much that monetary figure should be allow for the fact that if your case goes to court, your lawyer gets 40% of your settlement money.

RIDES AND RIDING CLASSES

Hello to all! We hope everyone is well. We had an opportunity to attend the Georgia Rally on October 8th. We rode the Thursday afternoon ride. It was well organized, safe, and a lot of fun. There were more rides and activities planned for Friday and Saturday. Unfortunately, Hurricane Delta was forecasted to make land fall on Friday. We decided to ride back home to Tampa on Friday morning with the uncertainty of what the weather would be as the hurricane got closer. As it turned out we just missed the rain generated by the outer bands which stretched into Georgia. After a short 2-day rest at home we got back on the bike and rode to Mississippi’s Rally which started on October 15th. The Rally was well organized and much fun. There were many good seafood restaurants to visit in the area. We took a wonderful narrated group ride and were able to see many beautiful sites as well as the remnants of damage from previous hurricanes. Some things were rebuilt and other houses and businesses were gone forever.

MFA Classes are on hold until next year. Riding Classes are possible to be scheduled anytime you need one. Chapter Directors and/or CSEAs should check the Levels Status of their members to determine who might need a Riding Class. I can send a copy of your Chapter Member’s Levels Status to any Chapter Director upon request. You then need to canvass your members to see who wants to take a class including: What kind of class? 2-wheel, trike, or sidecar? What day of the week the group wants? A tentative date? What location they want? Be it Largo, Ocala, Orlando, Eustis, Melbourne, Jacksonville, or Ft. Myers? All communications reference the classes should be between Chapter Members and their respective Chapter Director and/or CSEA. I would only like there to be communications reference the class to be between me and the Chapter Directors and/or CSEAs. I will need the Name and Member Number of those who wishes to take the class so I can properly check their Level Status requirements to insure they are taking the appropriate class.

We are here to assist you with your training needs.
Ride safe, Dominick & Diane

AHH! OCTOBER - MY FAVORITE MONTH!

October has always been my favorite month. Ray and I were married in October 44 years ago. Before Ray started working at a school and had to follow the school schedule we used to travel during October. October seemed to have the best riding weather and the best time for riding in the mountains. And of course the fall colors were always beautiful. I hope that if you are traveling to Georgia for their Riding Rally or traveling to Mississippi for their Medieval Madness Rally that you will have the great October weather and maybe even see some great fall colors.

The following information is from David L. Hough's "MCN Street Strategies – A Survival Guide for Motorcyclists"

DOUBLE TROUBLE

A Second Left-Turner Can Be Worse Than the First

You've been using the bike more and more to commute to work because it saves time and frustration. Commuting in traffic has provided you with a lot of reminders to watch for jaywalking pedestrians, drivers running red lights and trucks swerving partially into your lane. You are especially aware of left turning cars at intersections. This afternoon you're on your way home, riding a four-lane arterial. Traffic is lighter than normal, so you're able to ride a little faster than the posted limit.

Approaching an intersection, you observe a sport utility vehicle (SUV) facing the opposite direction about to turn left. You have the green light. But you predict the driver might turn left in front of you anyway, so you roll off the gas and move left to give yourself more room. Sure enough, the SUV driver does turn left in front of you, and you get back on the gas to continue through the intersection, silently complimenting yourself on your traffic skills.

But suddenly the van that was behind the SUV in the left turn lane begins to accelerate and turn. You quickly roll off the throttle and reach for the front brake lever as the van driver suddenly sees you, panics, and jams on the brakes. You're still braking as hard as you can when your front wheel thuds into the side of the van and you're thrown over the top.

When you are watching for left-turners, it's smart to be prepared in case they decide to turn in front of you and to move over to give yourself more room in case they do, but you should predict that a second driver might also attempt a quick left turn. Yes, that van driver in this scenario was at fault. Such a driver may not see you, or not realize you are approaching as quickly as you are. But all in all, you're the one who gets injured if he or she hits you.

Remember that riding at a faster speed makes it more difficult for other drivers to judge your approach speed and also increases your stopping distance. You should be in the habit of squeezing the front brake lever lightly when approaching intersections to reduce reaction time and dry the discs. Even if you have the green light, you should be squeezing the front brake to slow down and be prepared for a possible quick stop.

Fall District Ride-In 2020

Sunday November 8th, 2020

This Ride will begin at Crescent Beach Park, 6930 A1A S, St. Augustine. Meet no later than at 8:30 AM with Kick Stands Up at 9:00 AM. The ride, following the route, will be 233 miles ending at Cedar Key City Park, 188 2nd St., Cedar Key. The Turn by Turn directions, map and a gdb/gpx download are available on the District Website <http://www.qwrraflorida.com/ride-coordinator.html>.

The route shows several gas/comfort stops and also a stop at The Landing Family Restaurant, 3445 E US Highway 90, Lake City, for those who want a lunch stop. There are also many other places to eat in MacClenny or Lake City. We will have a short ceremony at the Cedar Key City Park at 4:00 PM where we will have a 50/25/25

and a Raffle the Raffle Tickets sale & drawing. Some of us are staying in Cedar Key at the Cedar Cove Hotel, 192 2nd St and some are staying at the Beach Front Motel, 873 1st St. Some are staying two nights to enjoy the area.

If you need help downloading the Ride-In gpx file Denis will help you at the Ride. Some of us are staying overnight on November 7th at the Hilton Garden Inn, Palm Coast and some are staying at the Microtel Inn & Suites, Palm Coast.
